I. — Generated Material Notes: Calvinist vs. Arminian Controversy of election Definitive Resolution for Finality

—"... Faith without works (i.e. corresponding actions done) is dead / does not be) (is not being) (is an oxymoron... null and void... not actually exist... not actual = not faith.)
cannot be faith actually → when → faith devoted & volitionally trusting in object of "belief"
Therefore: Faith in the Jesus Christ for forgiveness and redemption
{ + This is why: Hebrews 6... → "Elementary Principles" "Repentance" + "Faith Toward God" }

To Repent... turn back to God in covenant to volitionally obey... trust in obedience to Jesus Christ as Lord faith... actions done in life... ¶ Also, while trusting in Him as Real and Alive... that His Will is perfect... and in His actual promises (mostly eternal-life) → That His atoning work... made this covenant possible and potential (... could not be possible or potential by ourselves without His provision → THIS was by His Grace and love as the "gift" → The opportunity of this covenant to be "Redeemed" → which could never be... by our works → since "penalty of sin" → could never be paid except by "death"
(True) Faith in His propitiation for our sin... to Repent... etc. obey Jesus Christ as Lord. → TRUE FAITH is to volitionally ... TRUST...

In a Mystery... unfathomable to lordly understand... → since He is Omniscient, Omnipotent, All-Knowing, All-Wise, Perfectly Just beyond epistemological (sp?) knowledge / science cognition or an "ology", etc... — God (Trinity) created man with rational volition → judges and merits by his choice actions (By His Will)..
At same time... He is sovereign to → sovereignly ordain & orchestrate all according to His Perfect Will → He acts according to His Perfect Character → and has Elected by His Sovereign choice, the eternal destination of all among mankind in complete, perfect Justice... when He actually lives separated from time as its creator → after all... infinitely and constantly ... so forget about the "prescient view" pseudo-intellectual - pseudo-theology theorizing term invented

And MacArthur... SHUT UP!!!! I don't want to HEAR ANYMORE ABOUT... will never listen to you... I am going on with what I know... Leave me alone heretic. THIS IS IT... STOP ARGUING... DONE!!! FINALIZED!!! END!!! CONCLUDED!!!
And I will NEVER have time for a "debate"... → opt out polemical Diatribe + debate... proceedings... they are irrelevant to POSITIVE PURPOSE → THUS sayeth the Lord... It is written... and END!
* Contextually... in scripture... communicating with the word "belief" (Such as John 3:16) this full faith is implied since → whole counsel of God in all scripture... etc...
Let this perfected conclusion... be... Let those → contend contrary → persist → BE ANATHEMA...
Let those → contend contrary → persist and Redundant power by ... acts of obstinant argumentativeness to detriment of christ's flock.

II. — Nt. on Exclusiveness of the Kingdom of Heaven on Earth

In early, Proto-Orthodox church:
There was "The Two Ways"... Etc..,
They called themselves "The Way"... → not yet "Christians"
at First (from this — "The Two Ways" — teaching prominent w/ Essenes, John the Baptist's community with unique eternal purpose... to Prepare the way for the Lord and Baptism)

It entails the Apostolic Doctrine, Dogma and Canons of Christ's (One Holy Apostolic + Catholic) Church delivered through His Apprenticed (Apostles) & Successors to "Guard the Sacred Deposit" ... the obligation ...

THE TWO WAYS
1. The Way to Destruction: It is broad → exhaustively all that is not → truly the Way
2. The Way to Eternal Life / the Kingdom of Heaven → Extremely Narrow: "The Way"
ETC. → There is only 1: The "Not the Way" ... 2. "The Way" ... empowerment of the Holy Ghost ... to the best ... sincere intention.
